

RIVER AT HIGH STAGE AND CITY HAS MEN AND TEAMS ON DYKES

Heavy Rain of Night and Early Morning Brought the Stream Up to the Danger Point—No Danger to Property Has Resulted.

The Ogden river is near the top of the banks at the intersection of Wall avenue, having a greater height than at any other time this year. The rainfall last night caused the flood. However, the street department is coping with the situation and it is stated by the supervisor that there will be no damage to property unless the river rises higher. Men and teams are at work making stone and dirt dykes to serve as breakwaters and it is believed that the stream will be kept within its channel.

So far, the river has not overflowed the banks at any point but there would have been an overflow had not the street department acted promptly and strengthened the banks from the bridge west as far as Wall avenue before high water.

Obtained through the timely precaution and it is the hope of the department to obviate any damage to property this spring.

SEAT SALE FOR GRAND OPERA FAUST TODAY

Every once in a while and not any too often, our music loving theatre patrons are afforded an opportunity of hearing opera. Most of the times, however, the operas presented are too cumbersome to meet the approval of the masses; that is to say, the music of grand opera as a rule is just a little above the heads of the people who attend the theatre frequently for the sake of diversion, hence the announcement that "Faust" will be sung in English at the Orpheum on Sunday night, comes with no little pleasure.

The New York Grand Opera company is an organization composed of such well known operatic talent as Giordano, acknowledged to be not only a really great tenor, but the handsomest one of the American stage. He is a protegee of Caruso, and it is claimed that his voice is often the equal in range and quality of the famous tenor. Among other members of the organization are Richard F. Parks, Romero Malpica, Norma D'Angel, Marguerite Robert, Ethel M. Peters, and Howard M. Bushnell, all of whom are well known to those who keep a mental record, as it were, of grand operatic events.

TURNER HAS ESCAPED FROM OFFICERS IN NEVADA

That J. J. Turner is a sharper, is evidenced again in a telegram from Sheriff DeVine from Beowawe, Nev., stating that he has escaped from the officers who had him under arrest at Buckhorn, 35 miles away. Turner was to have been turned over to DeVine at Beowawe last evening, but when the officers appeared, Turner was not with them. No explanation of the manner of his escape is given in the telegram, which reads as follows:

"Turner and partner got away from officers at Buckhorn. Trying to get a line on him. Will wire later."

It will be remembered that Turner and his pal, William McCarey, escaped from the Preston, Idaho, jail a short time ago and made their way to Buckhorn, where they were apprehended by the officers of that place. Turner is wanted here to meet the charge of forgery and the officers of Preston want both Turner and McCarey to serve the balance of their terms for bootlegging.

Mrs. Louise Van Dyke recently received a post card on one side of which was printed the pictures of Turner and his partner in the garb of cow punchers, armed with revolvers and sitting before them on a small table were two small bottles of whiskey. The postmark was Buckhorn, but it is the impression of the officers that the picture was taken in Salt Lake. McCarey's name is written on the card and on one side the following note appears:

"Am in the tall weeds, will send

in the bacon from Mexico City. (Signed) "RATTLESNAKE PETE."

There can be no mistake about Turner, who was Mrs. Van Dyke's former husband, having written the note. The forgery charge against him is for the signing of receipts for money in the Ogden Savings bank which is known that he said while in Ogden that he thought that, if he could get to Mexico, he would be able to make money enough to reimburse his former wife for the money he had secured.

PIONEER WOMAN IS SUMMONED BY DEATH

Mrs. Sarah Pearce Fowler, wife of John Fowler, died yesterday at the family residence, 1224 Lake street, Salt Lake City. Mrs. Fowler was a native of London, where she was born November 15, 1845. She came to Utah in 1862 and made her home in Ogden until 1907, when the family moved to Salt Lake.

In addition to her husband, Mrs. Fowler is survived by the following sons and daughters: John E. of Ogden, William P. and Richard J. of Salt Lake City, Mrs. Horace Whitehair of Roy, Utah, and Mrs. C. A. Burnham, Mrs. George Crabtree and Miss Esther Fowler of Salt Lake City.

Funeral services will be held at the Thirty-first ward chapel, Salt Lake Sunday afternoon at 1 o'clock. The body may be viewed at the residence between 10:30 and 12:30 o'clock on the day of the funeral. Friends are invited. Interment will be in the City cemetery.—Advertisement.

BRIDGE BUILDERS TO START WORK ON STRUCTURE

The Idaho Bridge Building company is preparing for the construction of the new bridge across Weber river, at Thirtieth street and it is expected that unless high water interferes, steel men will be on the job before Sunday. Lumber for the floor is on hand and all the steel has been assembled.

Property owners in the vicinity of the bridge subscribed about \$1700 for the construction, and today Street Superintendent Chris Flygare of the city board of commissioners in sending notices to them that the subscriptions are forthcoming. The cost to the city will approximate \$8000.

The bridge is a joint structure with that the Salt Lake & Ogden Railway bridge which has recently been placed in commission, the combination between the city and the interurban company, minimizing the cost to both parties. The city's part of the bridge is on the lower level but the floor is amply high to insure safety to travel at any time. It is said that the bridge is one of the best in the country and that it will serve a good purpose in opening up a roadway from the Sand Ridge country to the city, which will afford a short cut to farmers.

SENATOR WM. A. CLARK SENDS A CHECK TO OGDEN CITY

The city board of commissioners is pleased with the prompt action of former Senator William A. Clark of Montana in sending a check for \$561.65 to help pay for the changing of the channel of Ogden river near Glenwood park. The check has been placed in the city treasury by Superintendent Chris Flygare.

When it became necessary some time ago to change the channel of the river to protect property interests in the vicinity of Seventeenth street and Glenwood park, against a possi-

ble overflow of the river, the fact that certain property must be purchased for the new channel became known and the city assumed the responsibility of acquiring the land, not thinking at the time that the cost would be assumed by any one except the municipality.

However, Superintendent Flygare, knowing that Senator Clark owned what is known as the Ducheneau Grove immediately west of Glenwood park, and that it would be protected greatly by the changing of the channel, took up a correspondence with the senator in which the situation was explained, the result being that Mr. Clark authorized the sending a check to the city in the above amount.

Mr. Flygare states that the amount more than pays for the land purchased and the liberal response is appreciated by the commissioners.

STUDENTS TO DEBATE ON THE QUESTION OF TARIFF

The triangular debates of the high schools of the Northern division will be held tonight in the Weber academy, the Ogden high school and the Boxelder high school, commencing at 8 p. m. The question to be debated is as follows:

"Resolved, That the recent tariff laws discriminate unjustly against the west and in favor of the east," with the issues to be cut down to wool and sugar.

Each school has an affirmative and a negative debating team. The affirmatives will stay at home and the negatives will travel.

The Weber academy team, consisting of Lorenzo Richards, Leland Evans and Leonard Gould, will meet the Ogden high school negative team, consisting of Bryce Swartzfager, Earl Ferguson and George Balch, at the Weber academy.

The Ogden high school affirmative team, consisting of Sidney Winter, Kenneth Dawson and Leo Cooney, will meet the negative team from the B. H. S. at the Ogden high school.

The Weber academy negative team, consisting of Cora Kasius, Leroy Leishman and Vilate Froerer, will meet the affirmative of the B. H. S. at Brigham City.

HOLDUP RESULTS IN A CAPTURE

The police received a report at 1:30 a. m., today that two negroes and a white man had been held up on Wall avenue and Twenty-first street. The names of the victims were not given, but the depot officers were communicated with and several Officers Mohlman, Sullivan and Brown left the station to investigate the case.

Officers Burton and McIntyre, who were at the depot, boarded a passenger train, just leaving for the north and rode to the end of the yards. A few minutes after they alighted from the train they discovered a young man hiding in a corner of a box car. He jumped out but was caught and taken to the station, where he was locked up on suspicion of having been implicated in the holdup.

FOUR COMPANIES GUARD CALEXICO

Calexico, Cal., April 24.—Four companies of the Seventh regiment, California national guard, arrived here early today and pitched a camp on a site selected by Captain Pollon, commanding the detachment of United States cavalry.

The arrival of the state soldiers, numbering 250 men, created a feeling of relief among the people of the Imperial valley, whose fears had been enhanced by the knowledge that the Mexican federal garrison at Mexicali, just across the line, had been busy all night, throwing up breast works. The activity of the Mexicans ceased at daybreak. Mexican officers spent the night making observations with the aid of a searchlight.

The Mexicans have 50,000 rounds of ammunition, 40,000 rounds having passed through the United States customs house here six weeks ago. None has gone through since.

San Francisco, April 24.—The Sixth company of coast artillery stationed at the presidio here, left last night by special train for the Mexican border.

Wrights' April Sales

Going shopping tomorrow? Come to the big store and see the crowds who are taking advantage of the April Sales. Every day this month has been a busy day—unusual attractions in all departments will make this the greatest of all Aprils.

JAUNTY "MIDDIES"

There's a new style note in the middies for spring. While they follow the same general lines of the middies of former seasons, you'll find many pretty new features. The new styles are all here—for girls of all sizes—and the prices range upward from 98c. Some remarkable good values at 98c—Second Floor.

SPRING HATS FOR GIRLS

Pretty little lingerie and straw styles which fashion after the styles for adults—very distinctive this season. This is a very busy department these days. Prices range from 49c up.

\$3 SPRING CORSETS \$1.98

Made of handsome brocaded coutie, reinforced at the back with wide bands of elastic. Very low bust and very long skirt. Made with six very strong hose supporters. A No. 3 value, on sale, \$1.98.

Sale of Silk Dresses

You must see these dresses to appreciate them. Nearly every dress is of a different model. The material is a soft drapy silk, very much like the now popular "Pussy Willow" silk. In some the skirts are draped and in some the new ruffle effect is used. The patterns are usually of the new small flowered styles which are so popular. In some silks of solid colors are used in combinations with the patterns. There are not a great number of the dresses—and they should soon be sold at this price.....

Ladies' Tailored Suits 14.95

Suits of this spring's best models—newest jackets and handsomest spring skirts. Lined with choicest lining fabrics and made of excellent serge. Black and navy blue suits in the values which were bought to sell at from \$19.75 to \$24.75. For needed alterations on these we must make a small extra charge. On sale this week—\$14.95.

Girls' Tub Dresses 48c

Consider the excellent percale of which it is made—the trimmings, the buttons, etc., to say nothing of the time of making—could you make it for 48c? And yet that is the price we sell them for—48c. Girls of 2 to 6 years. Attractively made in this spring styles; clever trimming effects. For girls of 6 to 14 years similar styles at 79c—59c.

Spring Curtain Sale

House cleaning time must be here in full swing, judging from the crowd of curtain buyers. There are many other attractions in this department besides those mentioned.
